

30 March 2020

COVID-19 UPDATE 8: MONDAY 30 MARCH 2020

South Australia's Chief Public Health Officer issued a public health alert on Sunday 29 March for areas within the Barossa region after 34 confirmed cases of COVID-19 were linked to the area.

- > Anyone who has visited or lives in Tanunda, Nuriootpa, Williamstown, Angaston and Lyndoch from Saturday 14 March 2020 and develops symptoms should immediately self-isolate and seek testing.
- > SA Health has established a [COVID-19 testing clinic](#) at Tanunda War Memorial Hospital for people with symptoms.
- > [Schools](#) have closed in the affected towns and non-essential travel in these areas is discouraged.
- > More information is available on the [SA Health website](#).

In other updates:

- > [National Cabinet](#) has issued further recommendations on non-essential businesses and gatherings.
- > South Australians over 70 years of age and 60 years of age (with existing health conditions) are strongly encouraged to stay at home as much as possible.
- > The Premier has thanked South Australians for their actions and commitment in flattening the curve and adhering to recommendations.

SOUTH AUSTRALIA COVID-19 CASES

There have been **305** confirmed cases of COVID-19 in South Australia since 1 February 2020.

While the majority of cases can be traced to overseas travel, interstate travel or confirmed contact of a known case, SA Health is investigating a total of three cases of community transmission within South Australia.
